

# The **Most Popular** Model for Single-Family Homes

# H215

## Quiet

This central vacuum counts amongst the most silent vacuums on the market, so you can clean without waking baby or disrupting your family's activities.

## Convenient

Like each of our models, you can use this vacuum unit with or without a bag, at any time! The bag is full and you're out of extras? Just remove the bag and the bag adaptor, and the self-cleaning filter of your central vacuum will do all the work!

## Powerful

Due to its outstanding general performance, this model is as convenient for condos as for average-sized homes.

## Non-allergenic

Given its outstanding filtration system, you're sure to benefit from a healthier environment, whether you use it with a bag or without one! Indeed, all our models are equipped with a Cyclofiltre™ that has been provided with an antimicrobial treatment, so as to prevent the growth of mold, bacteria, and fungi that may be associated with allergies.
