

Fully Equipped

Intelligent

Featuring our unique and exclusive DataSync technology, this model allows the selection of four power levels; signals when to change the bag or empty the canister; and even indicate when mechanical maintenance is recommended. All this information is available on the front of the unit, and simultaneously on the hose handle, right at your fingertips!

Save up to 20% energy and prolong your motor's life with the lower power levels.

Convenient

Like each of our models, you can use this vacuum unit with or without a bag, at any time! The bag is full and you're out of extras? Just remove the bag and the bag adaptor, and the self-cleaning filter of your central vacuum will do all the work!

Powerful

Due to its high airflow, this unit is perfect for the use of air driven powerheads and to vacuum very large surfaces.

Quiet

Acoustic foam and rubber components soundproof all our units.

Non-allergenic

Given its outstanding filtration system, you're sure to benefit from a healthier environment, whether you use it with a bag or without one! Indeed, all our models are equipped with a Cyclofiltre™ that has been provided with an antimicrobial treatment, so as to prevent the growth of mold, bacteria, and fungi that may be associated with allergies.

HX715

HX715	ACYHX715K
Water lift H ₂ O	137.4" / 3490 mm
Airwatts	700 AW
Air flow	138.3 CFM / 235.1 CMH
Decibels	59
Amps MAX	7.5 A
Voltage	240 V
Number of motors	1
Turbines per motor	2
Bag capacity	4.8 IMP gal / 22 l
Receptacle capacity	5.1 IMP gal / 23.3 l
Height	42.8" / 108.6 cm
Diameter	14.1" / 35.8 cm
Weight	31.8 lb / 14.4 kg
Principle	Hybrid filtration
Filtration	Bag or self-cleaning filter
Warranty parts	10 years or up to 750 hours of use
